

## CUSTOMIZED-MOBILE VACUUM SEALING SYSTEM

### Material:

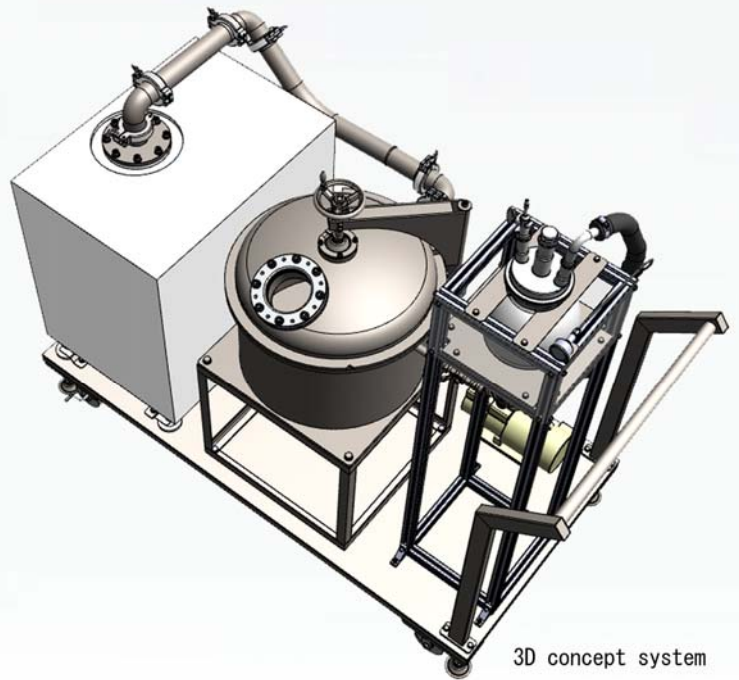

Stainless steel SUS304 (vacuum chamber)  
Steel SS400 (chamber frame)

### Size (mm):

872x1600x1626 (overall assy)  
Φ560x338 (vacuum chamber)

### OPTIONS:

JIS Vacuum flange VG100  
Vacuum flange NW50  
Conversion flange  
Flexible tube  
Fastening Clamp  
Sight glass  
Indicator lamps & buzzer boxes  
Sealing liquid supply device  
Vacuum exhaust device  
Oil-sealed rotary vacuum pump

3D concept system

Equipped with  
Vacuum exhaust device and  
Oil-sealed rotary vacuum pump

Vacuum chamber  
Equipped with Sight glass  
and Fastening Clamp

Sealing liquid  
supply device
