

## CUSTOMIZED VACUUM MODULE SYSTEM

### Material:

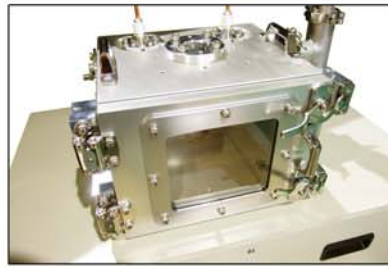

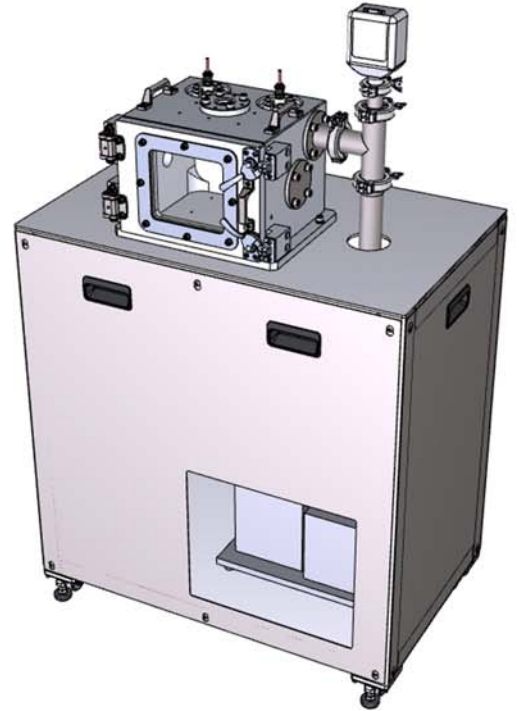

Aluminum A5052 (vacuum chamber)  
Steel SS400 (chamber frame)

### Size (mm):

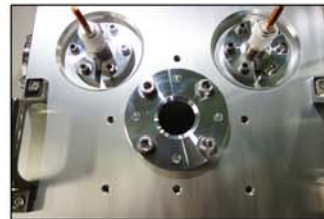

500x800x1317 (overall assy)  
260x296x340 (vacuum chamber assy)

### OPTIONS:

- JIS Vacuum flange VF25
- Vacuum flange NW25
- Fastening Clamp
- Sight glass
- Wide range vacuum gauge
- Vacuum pump
- Electric current input terminal

Equipped with Sight glass and Fastening Clamp

Electric current input terminal

Wide range vacuum gauge

Equipped with Vacuum pump

\* Customized Vacuum Module System is produced for  
MEDICAL field manufacturers and R&D labs around Japan.
